

Join Team MSM and 'Pack the Park with HOPE' at AIDS Walk Atlanta

[Dr. Kitty Carter-Wicker](#) is looking for a few good men and women to join the MSM team and help us “Pack the Park with HOPE” on Sunday, October 22nd at the [27th Annual AIDS Walk Atlanta & 5K Run](#) at Piedmont Park! The Walk/Run is a great opportunity for community outreach, education and team building. Most importantly, though, we’re trying to raise over \$1.1 million to help those infected with, or affected by, HIV/AIDS right here in Atlanta. With your support, we can make a difference! Please join the team or donate by going to aidswalkatlanta.com.

Did you know that in the U.S., 1 in 5 persons infected with HIV is unaware of his/her status? (Info: [Kaiser Family Foundation](#))

Talking openly about HIV can reduce the stigma that keeps too many from seeking the testing, prevention and treatment services, and support they need. Do you know YOUR status? (Info: [CDC](#))
