

SAVE THE DATE

8th Annual Dr. Daniel S. Blumenthal Public Health Summit
COMMUNITY-BASED SOLUTIONS TO END VIOLENCE
April 6, 2016 • Atlanta, Georgia

This event is intended to inform public health professionals, healthcare providers, community health workers, researchers, health and social service agency leaders, policy decision makers, medical residents, students, community-at-large, and community leaders of the importance of violence as a public health problem and sustainable solutions to preventing violence in local communities.
