

*Thank
You!*

Dear Dr. Danner,

Our team would like to extend our sincerest gratitude to you for being a part of our community forum on violence solutions last night. It was such a wonderful panel and we appreciate your ability to greatly add to the panel. We have received wonderful feedback and will definitely keep you in mind for future efforts. We look forward to continuing to work with you and your organization. Again we thank you for doing all that you do at Grady, in community and for being a part of this effort to bring resources and solutions to violence in the community.

Sincerely,
Geanie Jones, MS NCC
Health Educator
