

2015-2016 Grand Rounds Series
Presented by

Department of Medicine Infectious Disease Section

Harold Stringer, M.D.

*Chief – Infectious Disease Section - Department of Medicine
Morehouse School of Medicine*

“HIV 2016: PEP, PreP, and Prospects for a Cure”

February 10, 2016

12 Noon

Piedmont Hall 1st Floor Auditorium

22 Piedmont Avenue

Learning Objectives

At the end of this presentation participants will be able to:

1. Describe the rationale and recommended procedures for post- and pre-exposure prophylaxis (PEP and PreP, respectively) of HIV-1 infection.
2. Discuss why, for therapeutic and preventive reasons, finding a cure for HIV-1 infection is necessary.
3. Explain the mechanisms – and be able to list clinical complications – of immune activation in HIV-1 infection.
4. Distinguish – with regard to HIV-1 infection – the principle of latency and why and how the issue of latency is being addressed in HIV-cure research.

Speaker Disclosure(s): None

Morehouse School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

The Morehouse School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Morehouse School of Medicine (MSM) requires instructors, planners, managers and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by MSM for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations.

Lunch will be Provided
