

## MSM PRC's Article Published in International Journal of Environmental Research and Public Health

The International Journal of Environmental Research and Public Health (IJERPH) recently published an article by MSM PRC's **Tiffany Zellner Lawrence, MPH**, [Tabia Henry Akintobi, PhD, MPH](#), and [Elaine Archie-Booker, EdD, RN](#), titled "A Culturally Tailored Sexual Health Program for African American Youth."

This paper evaluates the effectiveness of the To Help Young People Establish (2 HYPE) Abstinence Club, a behavioral intervention designed to promote delayed sexual activity among African American youth ages 12–18 in Atlanta, Georgia.
