

3rd
Annual
AUC
IT SUMMIT
June 10, 2016
Hosted by MSM

On June 10, 2016, Morehouse School of Medicine IT will host the 3rd Annual AUC IT Summit. This summit unites IT professionals from Clark Atlanta University, Morehouse College, Spelman College, Interdenominational Theological Center, Robert W. Woodruff Library and Morehouse School of Medicine with the intent to:

- Foster collaboration
- Explore economic synergies
- Review technological advancements in the field of information technology
- Share best practices and lessons learned

Although the breakout sessions are reserved for AUC IT Summit participants, the MSM community is invited to attend the closing session in the NCPC Auditorium at 3:30 p.m.

Dr. Herman Taylor will explore “Tech Equity as an integral component of Health Equity” and **Dr. Valerie Montgomery Rice**, who will close the session as the keynote speaker, will address the evolving role of an IT organization in higher education.
