Overview:

The Office of Compliance & Corporate Integrity will host a workshop on Conflicts of Interest: "What You Do On Your Own Time May Matter." Since "Conflicts of Interest" is an important issue for physicians, principal investigators, and staff, it is important that the topic is addressed to increase understanding of the training and disclosure requirements. These two workshops will help the individuals who will be required to complete the COI training and disclosure process in January. Please join us for an informative and interactive discussion on this subject. Light refreshments will be served.

Objectives:

Participants will leave with an understanding of:

- What is a conflict/what is not a conflict
- Financial Conflicts of Interest (FCOI)
- The Office of Compliance's role in obtaining COI disclosures

Facilitated by:

Desiree Ramirez- The Office of Compliance & Corporate Integrity
