Emory University School of Medicine
Director, Infant and Toddler Clinical Research Operations
Marcus Autism Center
Children's Healthcare of Atlanta*

*Autism Spectrum and Related Disorders: Mobilizing Community Systems to
Improve Early Detection, Early Intervention and Family Engagement*

November 5, 2015

7:30AM – 8:30AM

Emory FOB, Room 123,49 Jesse Hill Jr., Drive, Atlanta, Georgia

Learning Objectives

At the end of this presentation participants will be able to:

- 1) State the nature of the public health crisis of autism spectrum and related disorders
- 2) Identify key milestones in early brain development and red flags of autism
- 3) Discuss the barriers and opportunities in early screening and detection, identification and diagnosis, and early intervention
- 4) Demonstrate an understanding of the importance of community viable methods and implementation science
- 5) Illustrate an understanding of the research being conducted in the area of mobilizing community systems
