

## 2016-2017 Grand Rounds Series

## **Department of Surgery**

# B. Marcus Bailey, MD, FACS

Associate Professor of Surgery, Mercer School of Medicine Director of Thoracic Oncology Director of Minimally Invasive Thoracic Surgery Memorial Health, Savannah, GA

# " Robotics – The Future of All Minimally Invasive Thoracic Surgery"

WEDNESDAY, November 9, 2016 8:00AM – 9:00AM Steiner Auditorium, Steiner Building

#### Learning Objectives

### At the end of this presentation participants will be able to:

- 1. Describe the potential benefits to the robotic approach to pulmonary lobectomy.
- 2. Define the issues related to capital and downstream costs of the robotic platform.
- 3. Review pre-operative and intraoperative localization techniques for small lung tumor resection.
- 4. Discuss the penetration of this and other minimal invasive technologies in our health care system
