R-CENTER

Study Design, Biostatistics & Data Management Core

Offers:

“Meta-Analysis: Concepts and Applications”

12:00 p.m. – 1:00 p.m.

NCPC 309/317

Presented By:

Wonsuk Yoo, PhD

The seminar aims to provide the fundamentals of meta-analysis for those who are interested in applying meta-analysis to their research. It covers elements of meta-analysis, calculation of effect sizes, and heterogeneity, and provides a couple of practical examples from literatures. A general knowledge of basic statistics is a prerequisite for this seminar.
